## Child and Adolescent Psychiatry Portal: Has your clinic signed up?

Clinics in California have access to the Child and Adolescent Psychiatry Program (CAPP) offered by UCSF Benioff Children's Hospital, Oakland. As part of this program, primary care providers have access to behavioral and mental health specialists through a hybrid program offering both e-consults and phone consults, depending on the provider's preference. Clinics can sign up to participate in this program [here](#).
